

Position: Technologist in the field of Arboricultural Systems at FEM

Location: ITALY, San Michele all'Adige (Trento)

The [Edmund Mach Foundation](#) promotes and carries out research, scientific experiments, education and training activities as well as providing technical assistance and extensions services to companies.

These activities are aimed at promoting cultural and socio-economic growth in the agricultural sector and at developing the forestry and agro-alimentary systems, with particular regard for the environment and the safeguard of the territory of the Trentino region.

Since 2008 the Edmund Mach Foundation has continued to pursue the objectives and activities of the Istituto Agrario di San Michele all'Adige, founded in 1874.

The Foundation is currently recruiting a **Technologist in the field of Arboricultural Systems**.

The candidate will be expected to be an active member of the project Interreg Alpine Space ASP 791-ALPTREES- "A Transnational Use and Management of Non-Native Trees in Urban, Peri-Urban and Forest Ecosystems in the Alpine Region."

The successful candidate will provide theoretical and practical support to the research activities of the project ALPTRESS and collaborate, under the supervision of the project PI, to the development and implementation of innovative approaches in mathematical and statistical data analysis.

Duties / Tasks

- Preparation of samples of the forest/ornamental tree sector and analysis
- Use of technological laboratory facilities
- Development and validation of new analytical procedures and functional maintenance of the analytical instrumentation entrusted
- Preparation of questionnaires, their analyses and reports
- Acquire, synthetizes dendro-ecological and management data
- Actively co-organising and participating to regional, national and international conferences and meetings

Requirements:

- Master's degree in Agriculture/Forest, Natural Science or equivalent degrees (awarded within the last 3 years before the recruiting deadline)
- Knowledge of written and spoken Italian (minimum level C1) and English (minimum level B), evaluated during the interview

Conditions:

- Temporary employee contract "CCPL Fondazioni" for 18 months
- Fourth level Technologist, gross annual compensation Euro 34.563,94 including 13th and 14th monthly payments.
